

Course Submission Approval Requirements for CPR First Aid Course Writers

[Achieve](#) supports Minnesota’s Early Childhood Care and Education Workforce by ensuring access to high quality professional development opportunities offered through Develop’s Search for Training calendar. As a CPR First Aid Course Writer, you can only submit course content owned by the American Red Cross or the American Heart Association for certification purposes only. Course submissions are reviewed by Achieve for Develop approval in the order in which they are received. This process may take up to 30 business days (or longer) if revisions are required. Upon review completion, you will be notified via email of either full course approval or revisions required. **Approved courses are valid for 5 years.**

See [Develop’s Course Writer Agreement](#) form and Achieve’s Course Writer Companion Guide for more information about Course Writer membership and course content quality expectations.

While in Develop’s Course Submission form, please click on the **blue “?” squares** for additional help. Refer to Develop’s [How Do I?](#) section for their [Course Entry for Course Writers](#) Help Guide. This will help you access and navigate Develop’s online course submission form.
