## COMPANION GUIDE

# Welcome!

We are [Achieve – The Minnesota Center for Professional Development](#). We are one of several partner agencies that support Minnesota's statewide trainer and training approval system for the Early Childhood Education Workforce. Our team follows guidelines and policies set by [The Minnesota Department of Human Services – Child Development Services Division](#) to ensure the high quality of Course Writers and approved course content in [Develop](#), Minnesota's Quality Improvement and Registry website.

Develop's Approved Course Writers are highly qualified in instructional design, and they create and submit professional development course content for Develop's Approved Training Events. If you want to design professional development course content for early care and education professionals in Minnesota, use this guide as a companion to Develop's Online Course Writer Membership application. You'll learn all the ins and outs of membership approval, as well as how to submit an acceptable course in Develop.

Course Writer Membership is your ticket to access Develop's Training Entry tools for submitting New Courses. As an Approved Course Writer, you can:

- Submit professional development course content for approval in Develop.
- Schedule Approved Training Events for the courses you own.
  - You must also be a Develop Approved Trainer to use this feature.
- Be a leader in the field of Early Childhood Care and Education; expand your professional network and collaborate with Develop Approved Trainers and Training Sponsor Organizations to share your expertise.
  - Share your content for training distribution by adding Approved Authorized Trainers to your Approved Courses.
  - Transfer ownership of your content with Training Sponsor Organizations and/or Independent Approved Trainers.
  - *Develop Course Writers are independent contractors. Course Writer Membership is not an employment contract and does not guarantee ongoing work opportunities with organizations using the Develop system.*

We are here to support you throughout the approval process, and we look forward to working with you!

With appreciation for all you do for Minnesota's children and educators.

# Course Writer Membership Options

There are five Course Writer approval pathways available, each with specific requirements that must be met before applying for membership. An Individual Membership in Develop is required for all Course Writer applicants. Click on a Course Writer Membership pathway below to learn more about its specific requirements and to determine which option best fits your needs.

The Course Writer Membership is limited to two separate application attempts in Develop. If both attempts result in a Qualifications Not Met status, the option to apply for Course Writer Membership will be removed from your Develop Profile.

## Course Writer (Standard)

Individuals with Career Lattice Step 9D, 10A-D, 11A-D, or 12A-D.

## CPR First Aid Course Writer

Individuals must be an Approved Subject-Specific (First Aid/C.P.R.) Trainer in Develop.

## Higher Education Course Writer

Individuals must be an Approved Higher Education Trainer in Develop.

## Expedited Course Writer

Individuals who show verified employment with a state partner agency organization in Develop.

## Conference Course Writer

# Develop Memberships

Develop offers several membership options that can be combined and interact together.

## Individual Membership

**Required as part of all other memberships.**

All Course Writer applicants must apply for Individual Membership in Develop and earn a [Career Lattice Step](#) (CLS). To learn more about Individual Membership, see our [Individual Membership Companion Guide](#).

## Trainer Membership

### Facilitate Training Events

All Training Events must be taught by an Approved Trainer. Develop's Approved Trainers are the face of Minnesota's Professional Development system for early childhood professionals. Each Trainer Type recognizes the unique skill sets, knowledge, and expertise needed to support Minnesota's high quality professional development system. To learn more about Trainer Membership, see our [Trainer Membership Companion Guide](#).

## Training Sponsor Organizations

### Employ or Contract with Course Writers and Trainers

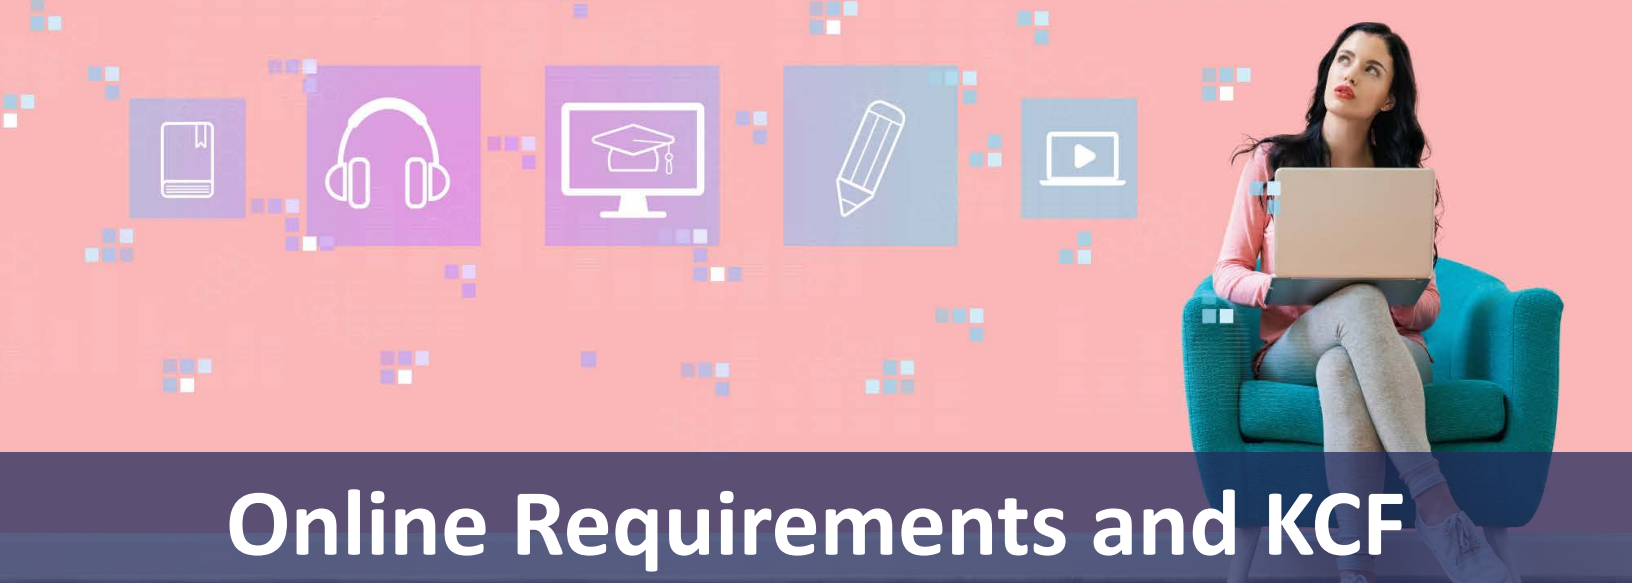

Training Sponsor Organizations (TSOs) are employers or contracting agencies that partner with Develop's Approved Course Writers for course content approval and transfer of ownership. They also partner with Trainers for facilitating Approved Training Events. Approved TSOs can access Develop's tools to:

- Submit and schedule Approved Training Events.
- Verify attendance for participants electronically.
- Own courses and manage courses' Authorized Trainer lists.
- Transfer Course Ownership back to the original Course Writer for renewal purposes.

Approved Course Writers and Trainers can work independently from a TSO, but a TSO must work with Approved Course Writers and Trainers to offer approved professional development opportunities in Develop. To learn more about TSO Membership, see the following resources.

- [Achieve's Training Sponsor Companion Guide](#)
- [Develop's How do I?... Guides](#)

*As independent contractors, Approved Course Writers, Trainers, and Training Sponsor Organizations (TSO) must agree to the terms of any collaborative partnerships. Develop and Achieve will not arbitrate contracts or agreements.*

# Online Requirements and KCF

## Requirements To Submit Web-Based, Virtual/E-Learning Course Content

Standard Course Writer Membership allows for the submission of face-to-face content approval only. To submit web-based, virtual/E-learning courses in Develop, you must show that you have completed at least 16 hours of training geared towards designing and delivering online training for adults. Some examples of training/coursework that meets this requirement can be found [here](#). The online requirement applies only to the Standard Course Writer and Conference Course Writer Membership.

Email us at [support@mncpd.org](mailto:support@mncpd.org) upon your completion of this requirement. You may be asked to provide acceptable documentation such as a certificate of completion or an official transcript.

## The Minnesota Knowledge And Competency Framework

Each Course Writer is approved to submit content for Knowledge and Competency Framework (KCF) Area(s) and Level(s) based on their approved Course Writer type.

Set forth by the Minnesota Department of Education, the [Knowledge and Competency Framework](#) (KCF) combines what an early childhood educator needs to know about research and theory, alongside the skills and abilities needed to work effectively in the field. The KCF has 10 Content Areas aligned to the Professional Educator Licensing and Standards Board (PELSB) Standards. Within each Content Area, there are three levels that show a progression of skill development. Each level builds on the competencies of the level before it.

### Level 1 - Explores

New to a concept, not necessarily new to the profession but exploring new skills or ideas

### Level 2 - Implements

More problem solving occurs and educators are implementing what they know

### Level 3 - Designs + Leads

Highly involved in decision making; guides and leads other adults and/or programs

# Professional Expectations

As leaders in the field of Early Childhood Care and Education, Develop’s approved Course Writers are expected to uphold the integrity of MN’s Professional Development system. Each approved Course Writer must sign an electronic Course Writer Agreement Form during Develop’s application process. The form outlines the standards and expectations Course Writers must follow. To view the Course Writer Agreement Form, click [here](#).

Read the electronic [Course Writer Agreement Form](#) carefully when you apply in Develop to become a Course Writer. Failure to follow any part of the agreement may result in disciplinary action as outlined in the [Training Quality Concern Policy](#).

## TTET AND TRAINING CONCERNS POLICY

### RELATED RESOURCES

- [Develop How-To-Guide: Completing the TTET](#)
- [MN DHS New Trainer and Training Evaluation Tool and New Training Search Page in Develop](#)

Please review the [Training Quality Concern Policy](#) carefully for more information on the circumstances under which an individual may submit a Training Quality Concern Form.

### DEVELOP TRAINER AND TRAINING EVALUATION TOOL (TTET)

The TTET is an anonymous survey built directly into Develop. Each verified participant is automatically sent an invite to complete the TTET. This tool allows each attendee to offer feedback about their experience, including the learning environment, quality of training content, and delivery skills. To view this feedback for a Training Event held using your Approved Course content, send the Develop Help Desk an [email](#) with the Event ID number requesting a TTET Summary.

### TRAINING QUALITY CONCERN FORM

The [Training Quality Concern Form](#) allows individuals to confidentially report concerns about their training experience directly to Achieve for review. Each valid concern is addressed by Achieve with the goal of offering a supportive mediation process for complete resolution. Some concerns may require additional support and/or guidance from TARSS and/or DHS – Child Development Services Unit.
