Upon review completion, you will be notified via email of either full course approval or revisions required. If revisions are required more than two times on a course submission, the submission will be denied. **Approved courses are valid for 5 years.**

Training of Trainers (TOT)

Click **YES** to indicate that Trainers are required to take a specific course (or courses) in a specific order to be added to the Authorized Trainer List. Then click on Add Course to add the existing approved course. Note that you can only select courses that have already been approved and are identified with a Training of Trainers (TOT) qualification.

What is a TOT?

- TOT courses are designed to teach trainers to become subject matter experts in new content/subject areas offered through the TOT course. After completion of a TOT, the attendee (Trainer) is granted access to additional approved course content in Develop. With this access, they are expected to schedule Develop-approved Training Events and successfully teach the content to early childhood providers. Trainers who complete the TOT Training Event are expected to deliver their trainings as presented during the TOT session. This ensures goals and objectives remain consistent and uphold the quality of the content. However, variations in presentation methods based on attendee needs are acceptable and encouraged.

Authorized Trainers

- Achieve reviews all added Authorized Trainers and **Approves** them if their Trainer Membership type supports your course content. If the added Trainer does not meet requirements for acceptance, their access to your course content will be **Declined**. See the [Trainer Membership Companion Guide](#) for more details.
