UPCOMING CHANGES

Paper training certificates will be phased out effective December 31, 2022. This change will reduce paper use, electronic storage of documents, improve the accuracy of electronic records, and eliminate the need to save and send paper to Achieve MNCPD.

- Additional details and updates will be sent via email to all Develop profile owners in preparation for this change.
- Training Sponsor organizations that are not using Develop to offer approved Training Events are encouraged to reach out to Achieve for guided approval support in preparation for the December 31, 2022 certificate phase-out deadline.
